The Governor’s Interagency Committee of State Employed Women (ICSEW) invites you to attend their 2001 Biennial Training Conference in Yakima, Washington. The ICSEW Biennial Conference idea began almost 20 years ago by committee members that wanted to create a conference focusing on issues and training relating to women in state government. Over the years, the conference vision has developed into a full program of enrichment, providing informative and useful tools to state employees in both their professional and personal lives. The ICSEW Biennial Training Conference is considered a value for women throughout the state of Washington.

**ICSEW Biennial Training
Conference Mission:**

To provide a forum in which working women at all levels can explore imaginative ideas and adopt innovative techniques to help them rise to new levels of responsibility, recognition, and reward.

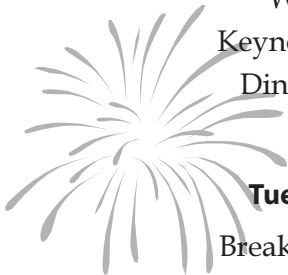

To assist state employed women in building confidence, create possibilities, and arrive at reasonable solutions to the challenges they face in their personal and professional lives.

- The ICSEW Biennial Training Conference strives to achieve the following goals:
- ❖ Provide development opportunities for women who work in state government.
 - ❖ Provide an environment to network and mentor with other professionals.
 - ❖ Partnership with other agencies, departments, and universities to provide assistance and support.
